Expressing its concern about the exploitation by Israel, the occupying Power, of the natural resources of the Occupied Palestinian Territory, including East Jerusalem, and other Arab territories occupied by Israel since 1967,

Expressing its grave concern about the extensive destruction by Israel, the occupying Power, of agricultural land and orchards in the Occupied Palestinian Territory, including the uprooting of a vast number of fruit-bearing trees and the destruction of farms and greenhouses, and the grave environmental and economic impact in this regard,

Expressing its grave concern also about the widespread destruction caused by Israel, the occupying Power, to vital infrastructure, including water pipelines, sewage networks and electricity networks, in the Occupied Palestinian Territory, in particular in the Gaza Strip during the military operations of July and August 2014, which, inter alia, has polluted the environment and which negatively affects the functioning of water and sanitation systems and the water supply and other natural resources of the Palestinian people, and stressing the urgency of the reconstruction and development of water and other vital civilian infrastructure, including the project for the desalination facility for the Gaza Strip,

Expressing its grave concern further about the negative impact on the environment and on reconstruction and development efforts of unexploded ordnance that remains in the Gaza Strip as a result of the conflict in July and August 2014, and commending the efforts of the Mine Action Service of the United Nations for the safe removal of such ordnance,

Expressing its grave concern about the chronic energy shortage in the Gaza Strip and its detrimental impact on the operation of water and sanitation facilities, which threaten to further erode groundwater resources, of which only 5 per cent remains potable,

Recalling the 2009 report by the United Nations Environment Programme regarding the grave environmental situation in the Gaza Strip, and relevant reports by the United Nations country team, including "Gaza in 2020: a liveable place?", "Gaza: two years after" and "Gaza ten years later", and stressing the need for follow-up to the recommendations contained therein,

Deploring the detrimental impact of the Israeli settlements on Palestinian and other Arab natural resources, especially as a result of the confiscation of land and the forced diversion of water resources, including the destruction of orchards and crops and the seizure of water wells by Israeli settlers, and of the dire socioeconomic consequences in this regard,

Recalling the report of the independent international fact-finding mission to investigate the implications of the Israeli settlements on the civil, political, economic, social and cultural rights of the Palestinian people throughout the Occupied Palestinian Territory, including East Jerusalem,[4]

Stressing also, in this regard, the need for respect for the obligation upon Israel under the road map to freeze settlement activity, including so-called "natural growth", and to dismantle all settlement outposts erected since March 2001,

Stressing further the need for respect and preservation of the territorial unity, contiguity and integrity of all of the Occupied Palestinian Territory, including East Jerusalem,

Recalling that the Security Council, in its resolution 2334 (2016), underlined that it would not recognize any changes to the 4 June 1967 lines, including with regard to Jerusalem, other than those agreed by the parties through negotiations,

Recalling also the need to end all acts of violence, including acts of terror, provocation, incitement and destruction,

Taking note of the report prepared by the Economic and Social Commission for Western Asia on the economic and social repercussions of the Israeli occupation on the living conditions of the Palestinian people in the Occupied Palestinian Territory, including East Jerusalem, and of the Arab population in the occupied Syrian Golan, as transmitted by the Secretary-General,[7]

4. *Stresses* that the wall and settlements being constructed by Israel in the Occupied Palestinian Territory, including in and around East Jerusalem, are contrary to international law and are seriously depriving the Palestinian people of their natural resources, and calls in this regard for full compliance with the legal obligations affirmed in the 9 July 2004 advisory opinion of the International Court of Justice[3] and in relevant United Nations resolutions, including General Assembly resolution ES-10/15;

5. *Calls upon* Israel, the occupying Power, to comply strictly with its obligations under international law, including international humanitarian law, and to cease immediately and completely all policies and measures aimed at the alteration of the character and status of the Occupied Palestinian Territory, including East Jerusalem;

12. *Underscores*, in this regard, the call by the Security Council, in its resolution 2334 (2016), upon all States to distinguish, in their relevant dealings, between the territory of the State of Israel and the territories occupied since 1967;
